NUMBER 243

THE VIRGINIA GAZETTE.

Printed by JOHN CLARKSON & AUGUSTINE DAVIS, Printers to the Commonwealth.

BOSTON, *November* 11.

WE hear that all the continental troops have orders to repair to head quarters. Those who were under General Gates at Rhode Island, left that place last week.

By Capt. Adams from Martinique, we are informed, that the day before he sailed several vessels arrived there from France, and that it was reported a smart naval engagement had taken place in the channel of England, between the combined fleets of France and Spain, and the English fleet, in which the latter was very roughly handled.

TRENTON, *November* 17.

A GENTLEMAN from Elizabeth town informs, that the enemy, to the number of 8000, have embarked, and part of them sailed, supposed to be bound to South Carolina or the West Indies

Count D'Estaing, altho' he has not been successful at Savannah, yet he has made a most powerful diversion in our favour, by keeping the British mercenaries at New York, and its dependencies, with a train of tories and refugees, constantly harrassed in throwing up various works, and sinking vessels in the narrows and at the Hook, they being in daily expectation of his arrival there for two months past; but the vessels which they sunk, have chiefly drifted away with the current. Should Parker's fleet, from the West Indies, be upon our coast, as is reported, the Count may give the tyrant of Britain a blow in that quarter of the world.

PHILADELPHIA, *Nov.* 20.

Extract of a letter from Martinique, dated Oct. 13.

"A FRIGATE has arrived here from France, which brings a certain account of 60,000 troops being embarked, and ready to take their departure Their object is a descent on the coast of Great Britain, which, from the superiority of the conjoined fleets of France and Spain, to favour the operation, has the fairest prospect of succeeding."

A letter has been received by the Executive Council and House of Assembly of this state, from a Convention of Commissioners for five states, assembled at Hartford, proposing that a Convention of Commissioners from all the states, as far southward as Virginia inclusive, do meet at Philadelphia on the first Wednesday in January next, to settle a limitation of prices: The proposal has been approved of.

In CONGRESS, *November* 19, 1779.

WHEREAS the fluctuating state of prices not only causes unequality and injustice in private dealings, and in furnishing the public supplies from the several states, but renders it impracticable to make the proper estimates for future expenses, and to fix equitable salaries for those employed in the service of the United States; and whereas the estimates according to which the requisitions for the taxes of the succeeding year have been made by the resolution of the 6th of October, have been formed on the principle that the prices of commodities necessary for the public use would not exceed twenty fold of the former prices, and should they rise above that rate, the taxes must be accordingly increased, but should they fall below it, the surplus of the sum raised may be applied to the sinking fund, therefore,

RESOLVED, that it be earnestly recommended to the several states forthwith to enact laws for establishing and carrying into execution a general limitation of prices throughout their respective jurisdictions, on the following principles, and to to commence in their operation from the first day of February next.

Articles of domestic produce, farming and common labour, the wages of tradesmen and mechanics, water and land carriage, not to exceed twenty fold of the price current through the various seasons of the year 1774.

Articles imported from foreign parts to be in due proportion with labour and the articles as above stated, making a proper allowance for freight, insurance, and other charges---Salt and military stores, whether of home manufacture or imported from abroad, to be excepted from the limitation of price.

RESOLVED, that it be recommended to the several states, to enact strict laws against engrossing and withholding; and to take the necessary measures for having the same carried into full execution.

RESOLVED, that all officers and agents employed in making purchases for the United States, be directed to conform strictly to all regulations that are or may be established in the several states.

That accounts be kept and returns made by all persons employed to make purchases in behalf of the United States, or to hire vessels, carriages, or men, for the services of the same, of the prices by them respectively given in such states as shall not, before the first day of February 1780, pass laws for the limitation of prices agreeable to the recommendation contained in the foregoing resolutions, to the intent that such state as shall have neglected to pass laws for the purposes aforesaid, may respectively be charged in the public accounts with the aggregate accounts of the difference of prices paid from and after the said first day of February 1780, in such states and those in which such laws may have been enacted.

WILLIAMSBURG, *December* 11.

ARRIVED last Saturday from Surinam, the schooner Polly Diggs, Capt. P. Green, being chased near 24 hours about S W off Bermuda, but escaped, being most of the time within musket shot of the enemy.

By his Excellency THOMAS JEFFERSON, Esq; *Governour or Chief Magistrate of the Commonwealth of* VIRGINIA

A PROCLAMATION.

WHEREAS the exportation of provisions from this state will be attended with manifest injury to the United States, by supplying the enemy, and by rendering it difficult for the publick agents and contractors to procure supplies for the *American* troops, and will moreover give encouragement to engrossers and monopolisers to prosecute their baneful practices, I have therefore thought fit, by and with the advice and consent of the Council of State, to issue this my proclamation for laying an embargo on provisions; and I do hereby lay an embargo on provisions, viz On all beef, pork, bacon, wheat, *Indian* corn, pease, or other grain, or flour or meal made of the same; to continue until the first day of *May* next.
